TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. **Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other: Claim 27 (previously withdrawn) has been presented with the incorrect status identifier. Applicants should further note that claim 27 has been amended to incorporate the subject matter of non-elected Group IV, previously unexamined. Amending the claim from a product to a method to force the examination of non-elected subject matter is considered a shift and is further improper, as the Office generally does not permit a shift to claiming another invention mid-prosecution (MPEP §819). Applicants should yet further note that new claims 29-44 would become subject of new species restrictions upon entry. Applicants are additionally reminded that the elected promoter is MLC-2v and new claim 29 also incorporates non-elected subject matter.
